

Registration open @ the Skinnarilan Sauna building from 9.45

DAY 1 - October 4th, 2017 (WEDNESDAY)

10.15 Opening words

10.25 Session 1: Real Options and Behavior - Chairman: Mikael Collan

Fredrik Armerin and Han-Suck Song - Incomplete models and implied yields in real option modeling

Marcelo Leporati - Valuing new market entry projects in the retail industry

Mariia Kozlova, Azzurra Morreale, Giovanna Lo Nigro and Mikael Collan - Modeling bio-pharmaceutical alliance games: Studying the effect of information availability on decision-making

Azzurra Morreale - The effect of fundamental risk and strategic uncertainty on decision-making process: an experimental study

12.05 Lunch break, 1 hour

13.10 Keynote I:

Professor Emeritus Hannu Nurmi, University of Turku, Turku, Finland

14.00 Short coffee break

14.10 Session 2: Evaluation and assessment I – Chairman: Mariia Kozlova

Jan Stoklasa, Tomáš Talášek and Jana Stoklasová - Attitude-based multi-expert evaluation of design

Lyudmila Vyunenکو and Aleksey Vorontsovskiy - Analyzing the Dynamics of Key Macroeconomic Indicators – a Simulation Approach

Pasi Luukka - Preference modeling using ideal solutions in TOPSIS by n-ary norm operators

15.30 Academic program end

3 hour break, enough time to go to the center of the city and back – best way to go, if many are going is to take a shared large taxi; the bus obviously also runs.

~18.30 Evening programme @ the sauna

Informal get together and dinner by a catering company; most likely Indian food

Sauna is hot and the brave can swim in the cold lake Saimaa; separate saunas for men and women – take your bathing suits, if you want to swim.

Registration open @ the Skinnarilan Sauna building from 10.00

DAY 2 - October 5th, 2017 (THURSDAY)

10.15 Session 3: Analytics methods and applications – Chairman: Christoph Lohrmann

Jan Stoklasa, Tomáš Talášek and Jana Stoklasová - Reflecting emotional aspects and uncertainty in multi-expert evaluation: one step closer to a soft design-alternative evaluation methodology

Jani Kinnunen, Irina Georgescu, and Lilja Tamminen - Do economic freedoms create national wealth? Clustering and principal component analyses of freedom variables and GDP

Mikhail Zaboev and Mikhail Meleshkin - Evaluation of current location and competitiveness of the Russian and Baltic countries universities among the world's leading universities with the use of neural network methods clustering of data

11.35 Lunch break, 1 hour

12.35 Keynote II:

Professor Emeritus Reinhard Viertl, Technical University of Vienna, Vienna, Austria

13.30 Short coffee break

13.45 Session 4: Evaluation and assessment II – Chairman: Pasi Luukka

Christoph Lohrmann, Pasi Luukka, Matylda Jablonska-Sabuka, and Tuomo Kauranne - Supervised feature selection with a combination of fuzzy similarity measures and fuzzy entropy measures

Liudmila Gadasina, Maxim Sedov and Olga Kuranova - LMS-enabled Technical Training Data Processing at Joint Stock Company "Russian Railways": implementation, analysis, application

Mariia Kozlova and Mikael Collan - System dynamics approach to analyzing and managing working capital

15.00 Final words
